

VANESSA ROSE

Vanessa joined the Board of the FCLS legacy clinic in 2014, becoming a member of the amalgamated DVCLS board in 2019. She currently serves as Interim Treasurer and Board Secretary.

After a career in International Banking, and some time spent raising her two daughters, she served as a Senior Staffer to several Municipal Politicians in the Don Valley West Ward. It was here that she became involved with the Flemington Park and Thorncliffe Park communities and passionate about providing service to the new Canadians that she came to know. After retiring from the political world, she joined TNO-The Neighbourhood Office, a DVCLS senior agency partner, working in Community Development Special Projects.

She retired from TNO in 2019 but continues her community work through her Board service. Vanessa also serves as a consultant to the Flemington Community Support Services Board and as a member of the Leaside Business Park Board of Directors.
